

Rider n°2 : Technical Rider

Technical Contact : Mathieu HIBON / mat.hibon@gmail.com / +33 (0)6 07 15 25 99

FLOOR PLAN

IMPLEMENTATION REQUIREMENTS

- Size :** A space 20m in diameter.
- Ground :** Flat and leveled.
- Capacity :** 400 people (including 240 seated on the floor provided by the company)
Possibility of going beyond this, depending on the venue and the facilities for the public, please consult us, particularly in the case of paid ticketing.
- Location :** Protected from noise / with easy management of the arrival of the public (An artist must hide under the floor before the public arrives). => Please consult us.
- Time :** Daytime performance, natural light.
In the summer, please schedule the performance in the morning or late afternoon to avoid the hot midday hours.
The floor and the sculpture easily capture the sun and can heat up a lot.

ELECTRICAL REQUIREMENTS

Provide a tested 230v16A electrical outlet. The electrical box should be set back from the performance area. An extension cord between the box and the edge of the stage is necessary.

SOUND SYSTEM

The company has its own sound system. Once installed, this equipment cannot be left unattended.

VEHICLE

Provide access for a camper van (3.2m high) with a trailer (3.15m high). Convoy dimensions : Length 12.5m x width 2.5m x height 3.2m (7m length for the motorhome, 5.5m length for the trailer).

Secure parking for D-1 to D+1, with electricity and if possible drinking water on site or nearby.

Register number : DS-784-AP.

GUARDING

During the day : Provide surveillance when the members of the company are absent (meals, outside of rehearsals and performances, etc.).

If more than one day of set-up, provide overnight security in case of unsecured location;

STAFFING REQUIREMENTS

Assembly : 3 technicians for assembly (3h)

Disassembly : 3 technicians for disassembly (2h)

Performance : 2 to 3 receptionists (to be defined during the first technical contact) => Installation of the foam seats one hour before the performance, and reception of the public.

TOURING COMPANY

3 people on tour : 2 artists
1 tour agent (occasionally)

Diets :

Chloé : Vegetarian

Mathieu : Vegetarien

Hugo : Vegetarian

LODGES

Provide a dressing room with organic snacks, purchased in bulk (fruit, dried fruit, chocolate, tea, fruit juice, sweet and savoury biscuits), or let the company take care of it (charged at 20€).

Provide access to drinking water or a water reserve to fill the team's water bottles.

If the camper van is parked in the immediate vicinity of the performance venue, it can be used as a lodge.

ADDITIONAL INFORMATION

Installation of the audience: The company will arrive with seats on the ground for about 240 people.

The audience can be seated on the floor, and depending on the type of site, the organiser can propose a tiered seating arrangement (bleachers, benches, chairs, etc.).

The company will provide a discreet cable conduit from the edge of the stage to the back of the audience seats.
